*"This is the fourth time over the past 7 years we have used ROI Energy to help us with lighting projects at our various Solon facilities. Each time we have been extremely pleased with the energy savings and our new, brighter lighting."*

**Custom Products – Scott Saporito, Operations Manager**

*"Our facility is brighter and we're now using 68% less energy to illuminate our warehouse and packaging area. If you're interested in saving money on your energy costs, brightening your facility and ready to convert to LED, ROI Energy should be your first call."*

**Buckeye Fasteners – Joe Martinez, Warehouse Mgr.**

*"I found Bob to be extremely knowledgeable and responsive. He helped us understand LED high bay lighting and explained the entire installation process. One purchase order and our entire project was professionally taken care of."*

**Spectrum Plastics – M. Malik, President**

*"Our office looks fantastic! Your installation crew was professional, friendly, & considerate. Thank you for all your effort to help us with our lighting, we couldn't be happier."*

**Better Business Bureau – Akron – Christy Page, President**

*"ROI Energy provided a very successful lighting upgrade in a difficult environment which had been neglected for years, as it relates to lighting. Their installation crew worked well with our management team. We're delighted with our improved lighting and especially with our reduced electric bill. I wish all our contractors were as qualified and easy to work with as Bob and his team."*

**Agmet, LLC – Bruce Harwedel, Operations Manager**

## Case Study: Magnetic Springs Water

**Project Cost: \$67,800**

**Energy Reduction: 70%**
